Required Fields by Workflow – ITA Group

Introduction

The following are the various fields that ITA Group requires in order to onboard and send data through Rithum's platform.

These are the fields required by ITA Group for you to create any of this data within Rithum's platform. Note that these are fields required by ITA Group and may or may not overlap with Rithum's required fields.

These Required Fields pertain to all import methods (i.e. EDI File, CSV file, XLS file, etc.)

Inventory
